The School of Arts & Creative Industries at Edinburgh Napier University has employability at the heart of all our programmes.

We believe in working with the creative industries to create opportunities and build partnerships, sharing experiences and talent through work placements, projects and events.

Throughout the academic year we host a range of employability events that provide excellent opportunities to engage with our students and recent graduates, both in person and online. We invite our industry partners to:

- **Host a stall at one of our Graduate Careers or Student Placement Fairs**
- **Present at an individual employer 'Spot light Session'**
- **Speak at on one of our industry panels or career workshops**
- **Attend an Industry Advisory Group**

We are always open to new ideas on how to engage with industry and can offer bespoke support to enhance your employer brand across campus, so if you have a suggestion for an activity or if you would like to find out more about this, please do let us know!

"All our staff agreed that working with these students was such a pleasure. They were so committed and it was interesting to see how they were so enthusiastic and excited about the project, but at the same time approached it very seriously. This was a really good project for all of us."

Work placements are embedded in our programmes of study with organisations, ranging from orchestras to prisons.

These programmes develop the skills of our talented students and bring fresh ideas to projects across these subject areas:

ACTING

COMMUNICATIONS

ENGLISH

DESIGN

FILM

JOURNALISM

MUSIC

Working individually or as part of a multi-disciplinary team, our **students** can bring up-to-date creative and technical skills and energy to your projects, while gaining valuable industry experience that will help them take the next step in their career.

"As music representative, my job was to arrange music video shoots with bands/artists currently making waves in the Scottish pop music scene."

Corin Anderson (Music student)
